

Name: Shreesha Pandeya

Degree: Master of Science

Discipline: Environmental studies

Institution: Kentucky State University

Internship Project: Graduate Research Intern - AIFVs Awareness Creation and Communication

Contact: Shreesha.Pandeya@kysu.edu

Bio: Shreesha Pandeya is a graduate student originally from Nepal. She is currently pursuing a Master's degree in Environmental Studies at Kentucky State University, under the College of Agriculture, Health, and Natural Resources. She joined the program in August 2023 and serves as a Graduate Research Assistant in the Department of Environmental Studies. She completed her undergraduate studies at Agriculture and Forestry University in Nepal. Her academic and research interests span agricultural economics and extension, climate change, ecosystem services, environmental change analysis, land use/land cover modeling, and the use of GIS and remote sensing, along with database management and basic knowledge of computer science to explore human-environment interactions.

Fluent in English, Ms. Shreesha Pandeya brings strong skills in technical writing and team leadership. She has been actively contributing to the scientific community through publishing her research papers. Her published research works can be accessed at the following link:
