

Greetings,

We are excited to continue with our second Agri-STEM Summer Program. This program introduces students to the rich variety of agriculture by hands-on experiential learning activities. It aims to initiate an understanding of the relationships the multiple disciplines in agriculture have to each other and to the world around us. The hands-on experiential learning activities, excursions and meetings with agriculture professionals are designed to enhance participants' awareness of the interdependency of people in this region with agriculture and agricultural sciences.

It is our special goal to empower young minds to keep a strong interest in science at this critical time in their educational development.

The Agri-STEM Summer program will take place from **July 11-15, 2022**.

Requirements for Acceptance:

*Students must have completed the 6th grade and are going to the 7th or 8th grades. Students must have an application, teacher recommendation form, and a one-page essay on file before the **deadline (May 20, 2022)** to be considered for the program.*

If you have any questions/concerns, please email/call Conchita Newman:
conchita.newman@famu.edu; 850-599-8110.

Sincerely,

The Agri-STEM Team

AGRI-STEM 2022 Summer Program

Participation Application

Applicant Information

Full Name: _____ Date: _____
Last First M.I.

Address: _____
Street Address Apartment/Unit #

_____ *City State ZIP Code*

Phone: _____ Email _____

*Race/Ethnicity (H, I, AI, A, B, W) _____ *Disabled (Y/N) _____ *Gender (M/F) _____

Have you ever attended a FAMU camp? YES NO If yes, when? _____

What program?

Education

Current School: _____ Address: _____

Grade: _____

Extra-Curricular Activities: _____

Emergency Contacts

Full Name: _____ Relationship: _____
 Address _____ Phone: _____
