

FLORIDA A&M UNIVERSITY  
**COOPERATIVE  
EXTENSION**  
COLLEGE OF AGRICULTURE AND FOOD SCIENCES

Greetings,

The Cloverbud camp is designed for the youngest group of 4-Hers we serve our 5 to 7year olds. This camp is geared toward the theme Cloverbuds on the Farm and will introduce participants to agricultural science disciplines. This year we are planning to learn all about cows and take a field trip to a couple farms to get up close and personal with cows.

It is our special goal to empower young minds to keep a strong interest in science at this critical time in their educational development.

The Cloverbud Summer program will take place from June 13-17, 2022.

Sincerely,

*Sabrina Hayes*
